homecoming 1971

daddy's little girl

The night arrived. The stands were packed with students, parents, and alumni. The cheerleaders yelled, the band and drill team performed, and the football team fought till victorious with a score of 16 to 6 against our arch rival South High. The theme of this year's Homecoming was "Daddy's Little Girl". The princesses were introduced at halftime on our first float in years, then escorted on the field by their fathers. Cameras flashed and the crowds talked and cheered, as the happy and exciting week came to a climax with the crowning of our 1971 Homecoming Queen, Sue Gilliam, by last years queen, Melanie Rickabaugh.

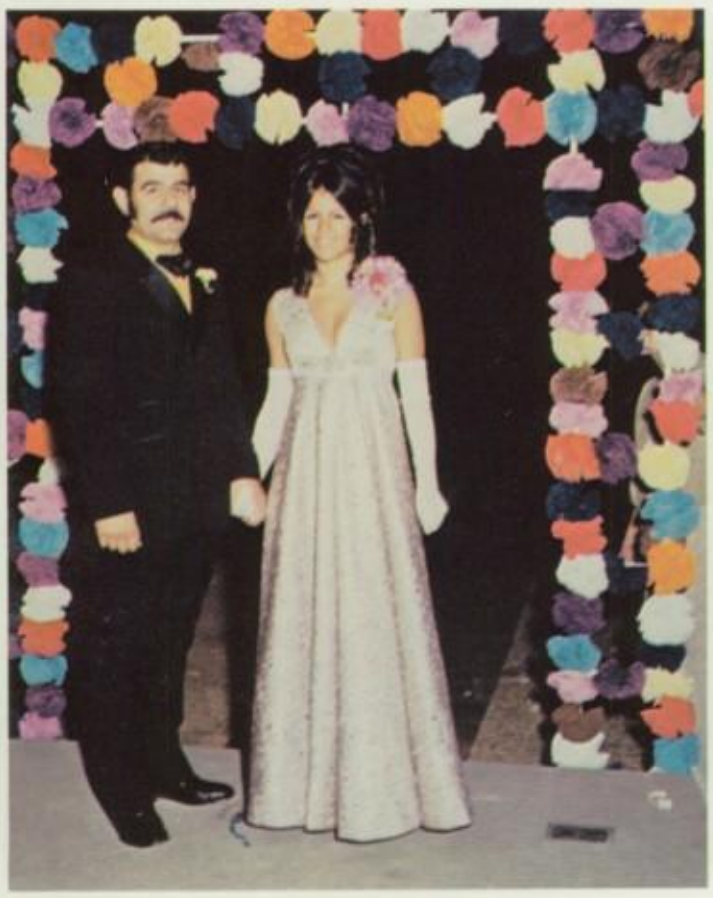
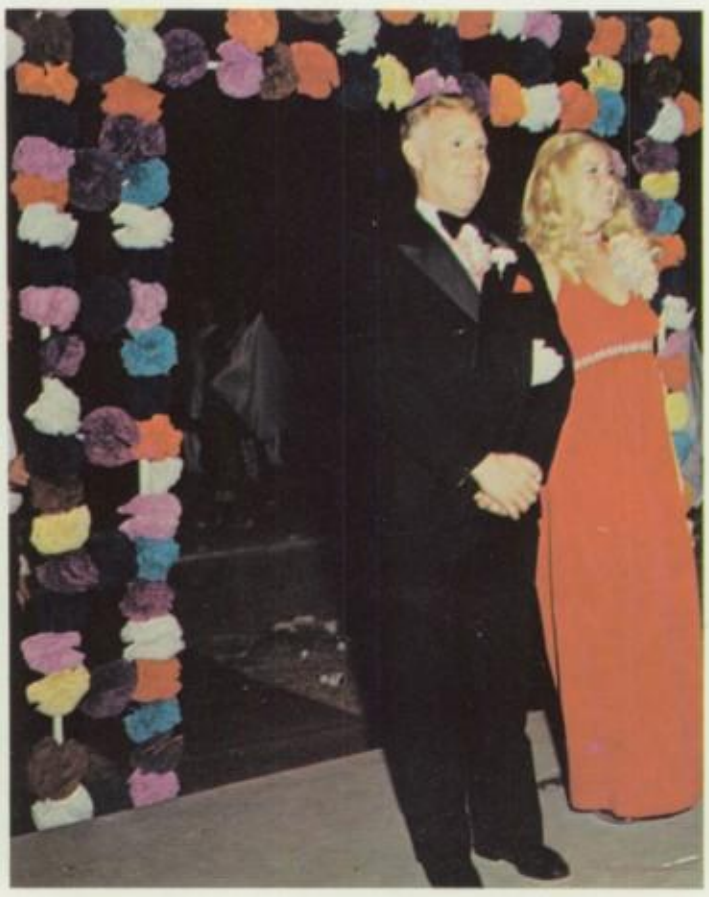
Below Right: Princess Karen Buchman and Dad.





On Friday, November 5, students filled the gym to hear the announcments of Top 15, Fifteen happy and surprised girls cried in joy as they made their walk across the gym floor.

The Spirit of Homecoming was in the air. Throughout the campus smiling girls wearing turquoise carnation corsages were seen.

The big day arrived. The 1971 Homecoming court was announced. Cries of joy were heard as Sharon Staley, Maria Cimarusti, Leilani Lum, Sue Gilliam, and Karen Buchman were named as princesses. Also announced at this time was our Foreign Exchange Student, Marlise Hauri, as Honorary princess.

The week following was filled with activities galore. There was a lifesaver toothpick pass, Playboy pin-up of 1971, an assembly revolving around our football team conquering all of our opponents, then Top 5 and their partners raced to find candy in whip cream, which ended up with it all over the place. To end the daytime activities was a Pep Rally to fire up our No. 1 football team.

saxon band marches on

The North High Marching Band is a 100 piece organization under the direction of Mr. Robert Jones. During the 1971-72 school year it led the student body in many exciting halftime programs and also successfully participated in a number of parades and band reviews both in and out of the community. Beginning with the Lomita and Camarillo Christmas Parades, where it won two first places, and the Rosemead Parade, where it placed third, the Band also competed in the Hawthorne Band Review, the Boy Scout Parade, the National City Band Review, The Armed Forces Day Parade, and the Glendale Parade. The Band also helped the ecology movement collecting glass and aluminum cans in the summer.

north's drill team takes a bow

North High's Drill Team combines grace, skill, and enthusiasm in encouraging Saxon pride. Composed of thirty nine talented girls, it excells in all routines. It is sponsored by Mrs. Pat Smith, the captain is Cheryl Winge, and the co-captains are Kathy Turk and Debbie Barrett. Around North they not only perform at halftime but also sell programs at basketball games and help at pep rallies. The Drill Team had the opportunity to go to the Coliseum and later competed in conjunction with the band in many parades. It placed first at Camarillo Christmas Parade, fifth at Hawthorne Band Review and did very well in addition at the National City Band Review, the Lomita Parade, the Boy Scout Parade, the Armed Forces Day Parade and the Glendale Parade.

north high's concert band performs with pride

North High School's Concert Band contributed to the musical enrichment of every person who had the pleasure of attending one of their concerts this year.

Their performances included the Christmas Concert, the Spring Concert and the Pop Concert. They also entertained parents and faculty during the PTA meetings, and Parent's Night.

The North High Instrumental Music Department, ably conducted by Mr. Robert Jones is a very diverse group of young people. The Parade Band had a very busy year performing at football games and band reviews. There wasn't one particular hi-lite during the year as the whole year was a hi-lite. The talented group performed at parades, including Lomita, where they captured first place, West High band review, and U.S.C. Band Day. An offset of the Parade Band, Pep Band, helped to raise the spirits of the Saxons as assemblies, football and basketball games. Entertaining at the L.A. County Fair and P.T.A. Open House started off a good year for the concert band. Assembled together three times this past year, for the enjoyment of students faculty, and parents.

This year, 39 girls in blue and white made up the North High Saxonettes. These spirited young ladies helped lead the crowds in victory chants at football and basketball games. Besides showing enthusiasm and support that led the Saxons to many victories, they also performed in clever halftime shows and routines. Sponsored by Mrs. Pat Smith, the drill team was led by captain Cheryl Winge and co-captains Debbie Barrett and Kathy Turk.

Besides the spirit shown at school, there was also pride exhibited away from campus at the parades the girls participated and competed in throughout the year.

have you got pride? . . . . we do!

Many things have come and gone during the year, but one thing will stay. It is something called pride. You may not feel it outwardly, but when you see our band and drill team marching by, or our football team make that badly needed touchdown, you feel a surge of excitement overtaking you.

Cheering our teams on to victory this year were seven spirited cheerleaders, six exuberant flag twirlers, and five enthusiastic J.V. cheerleaders, the girls aimed to promote spirit and pride for students and our teams.

basketball royalty 1972

A New Year. January came and along with it came Basketball Royalty time. This year's Queen Marla Bolles and Princesses were chosen by classmates. The beginning of the week brought activities such as the Baby-bottle Drinking contest. The victorious couple was Dean Irgens and Lori Littlejohn with a record time of 1.05 minutes. The rest of the activities consisted of the water balloon toss, pie eating contest, and our basketball team, blindfolded and armed with rubber gloves, tried to put nylons on the Top 5 girl's legs. The excitement culminated when our Basketball Royalty Court received their crowns from the team captains, and Queen Marla Bolles by Ex-Queen Marlene Knapp.

it's finally done, "annual '72"

Room 323 is kept alive by the constant rush of activity, confusion and at times near hysteria was the Valiant staff works to produce the yearbook which will meet journalistic standards, please students whims and satisfy 2,500 customers.

The pressure was intensified by early deadlines, but in the true spirit of North, the staff kept their appointments. The entire book had to be completed by March 6.

The most rewarding moment for an annual staff member is to see a smile of approval as Saxons receive their Valiants. Then all the disappointments, frustrations, and the long hours fade into the background as we realize that we have created a memory book which students will linger over in the years to come.

student council steps out in 1972

"Miss Montgomery, you can't be leaving us!" moans Edith Bergay

Breaking through on student apathy was Student Council's main goal in the 1971-72 school year. While passing vouchers to pay the bills, approving the minutes from the past meetings, making budgets, or representing North at Leadership Conferences, Student Council made the effort to involve the student body as a whole in active government.

Student Council was an instrument of dynamic change, in the area of relating to the students. Such ideas as clean campus, open campus, and cafeteria food prices were delved into. Working through the Health Department and the Nurse's Office, Council made the initial effort to improve the problem of narcotics on Campus. V-D education was also of grave importance.

The 71-72 Council set the stage for the breakthrough of student's rights and an active voice in the running of their school.

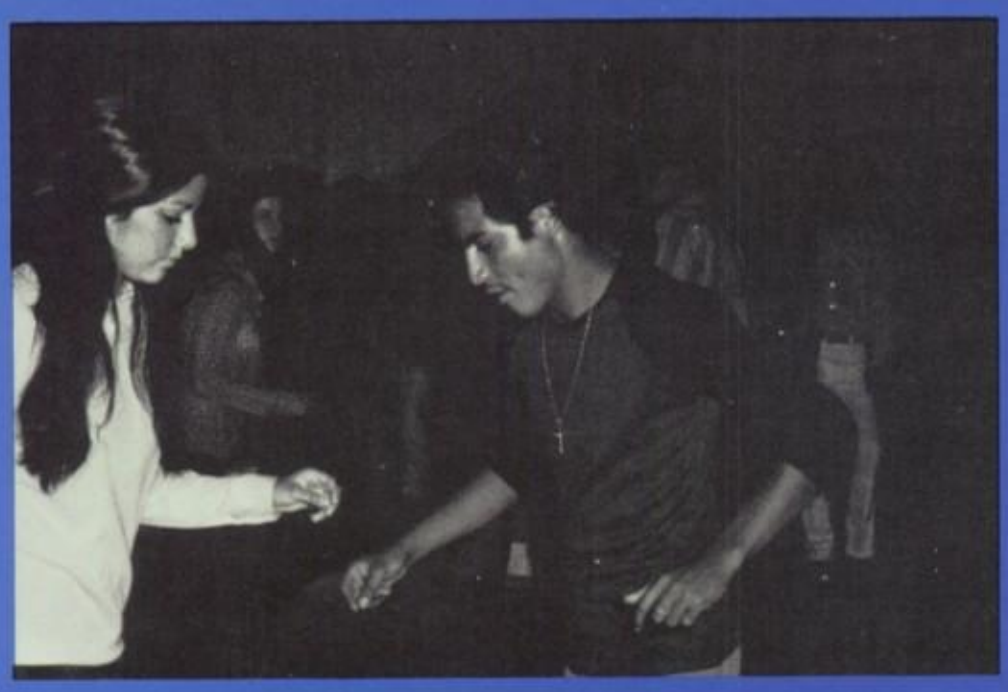
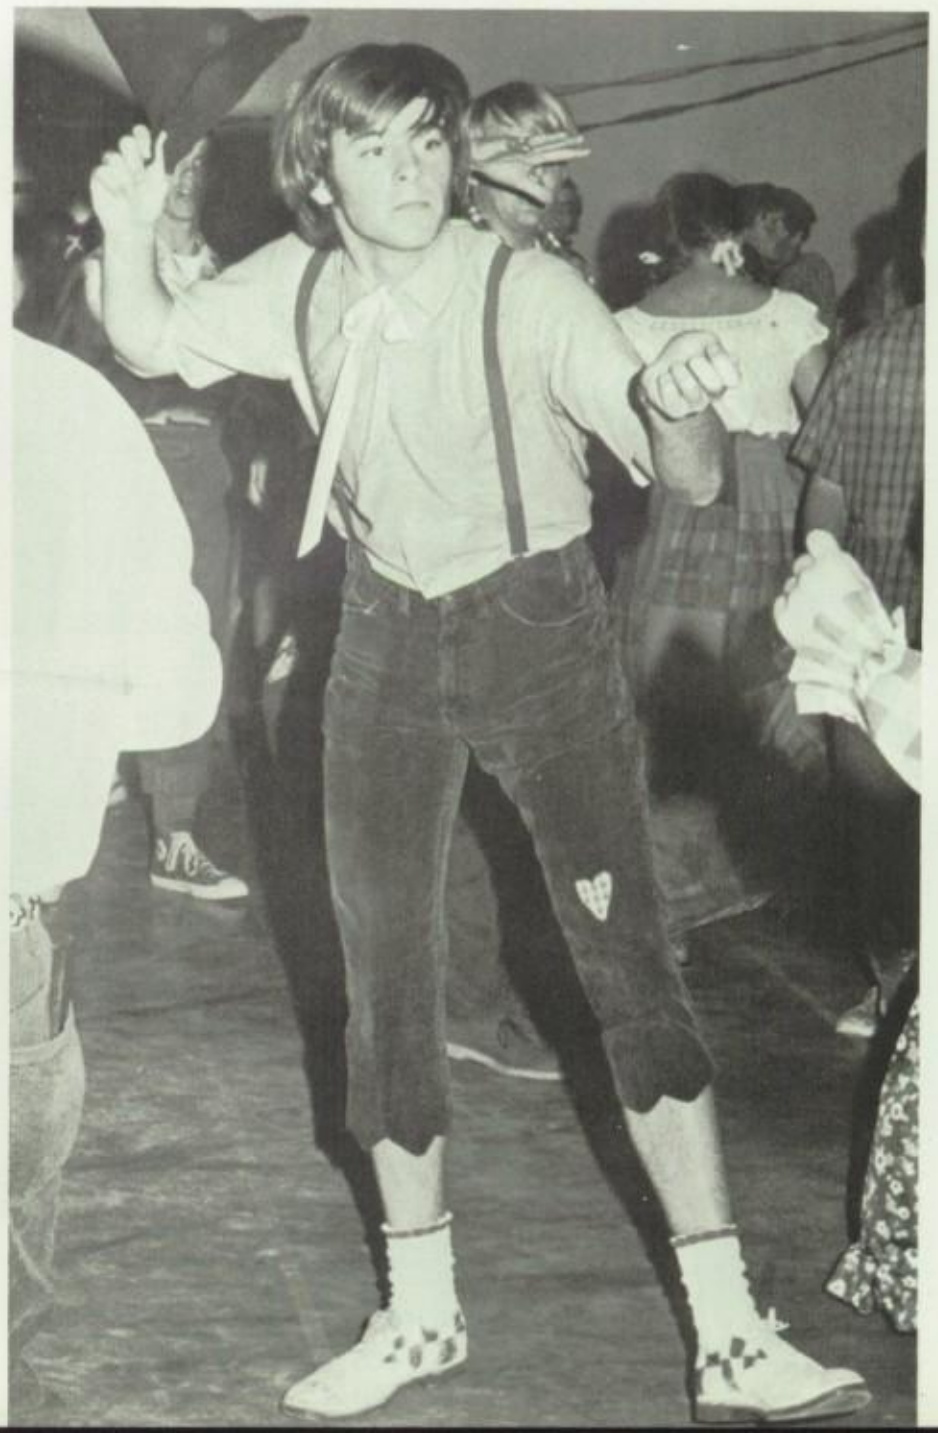
The Winter Formal, which took place Saturday December 4th 1971 from 8:00 p.m. to 11:00 p.m., did a fantastic job of living up to its theme, "Moonlight and Memories." All of the people who attended were dressed in formal style. The couples were caught up in an atmosphere of cool air and a moonlit night. After the dance, which took place in the gym, everyone dined out at their favorite restaurant. As we all know, the result of the Winter Formal can only be long lasting memories.

The Welcome Back Dance, the first dance of the new school year, took place friday, September 17th 1971, which was the first friday of the new school year. The dance helped all North High school students, who attended, get back into the spirit of school. It gave the freshmen a chance to get better acquainted and the rest had the chance to greet old friends they had lost track of over the three months of summer. Most of all everyone just danced and had a good time.



sadie hawkins dance:

Saxons were taken back to the days of frolicking in hillbilly country and bootlegging sweet apple wine on February 25th at the Sadie Hawkins Day Dance. Held in Saxon Hall, everyone let off steam to the beat of Stronghold. Besides dancing, there was apple dunkin', marriage booths, and divorce booths.



The Seventeenth Day of the Ninth Month and the first Friday since school had started—the stars found the North High Saxons boogie-ing to the beat of the band T.N.T. in Saxon Hall. The Welcome Back Dance proved to be a fun-filled time of hello's and greetings and exchanges of summer experiences. The evening turned out to be an occasion where everyone—faculty members as well as students—could come together and start the new school year off with a bang.

With the goal in mind of arranging an activity where all Saxons could swing and tell of their past summer days frolicking in the hot sun at the same time, Student Council organized and planned this dance.

All and all, the Welcome Back Dance marked the beginning of a new year—a year of new friends, new experiences, new hopes and dreams.

wind

71-72

The North Wind resumed publication this fall under the supervision of Mr. Guy Old, advisor to the paper for the past sixteen years. 'This year the North Wind is one of the best student papers in the area,' Mr. Old said.

Activities for the year included a CIF sponsored sports writer's clinic and a banquet. The most important event was a Press Day at El Camino College on March 10. This qualified the staff for the State Tournament sponsored by the National Scholastic Press Association at the International Hotel on April 14, 1972.

'It's been a great year,' one editor said, and the entire staff agreed.

The stage was set on February 15th for a Duel with Donkeys—the Donkey Basketball Game. This year the faculty was determined to hold on to their champs title, and the students were just as determined to revenge and break last year's defeat of 26-20.

With the introduction of the players in their hilarious costumes by equally hilarious nicknames, everyone in Saxon gym was soon rolling in laughter and howls. The first half of the game was a tough battle, but Mr. Bob Janko led a fired-up team through with a score of 50-44.

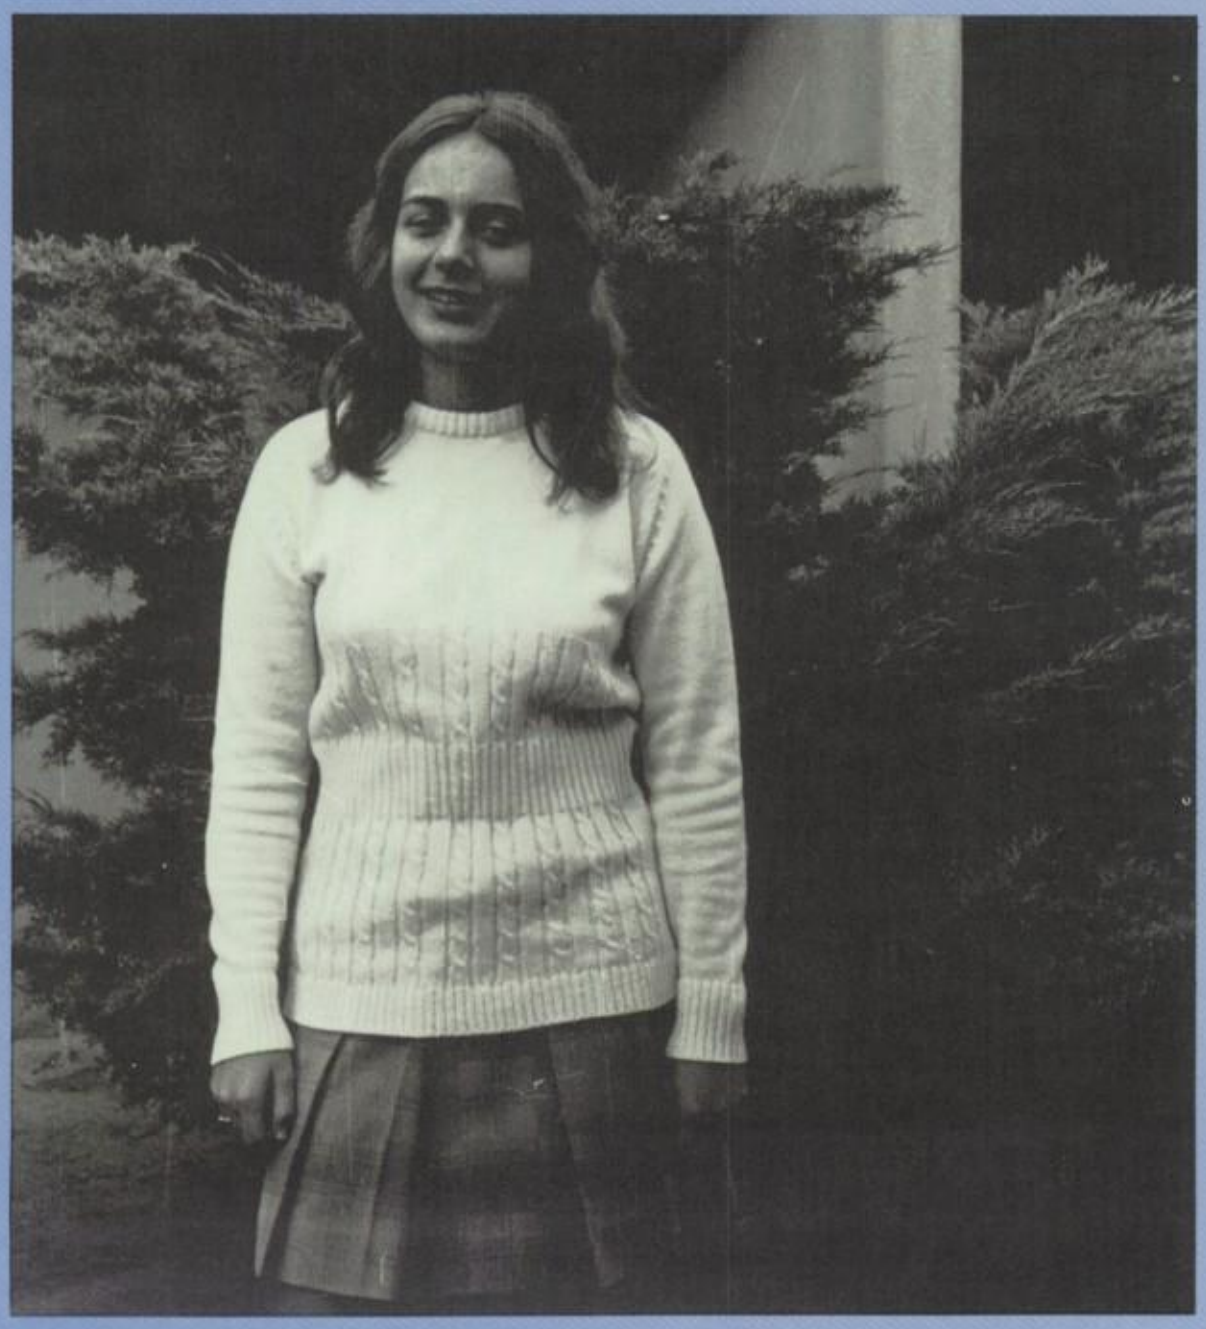
marlise hauri, suisse, visite l'amérique



Marlise Hauri was the American Field Service Foreign Exchange Student at North High during the 1971-72 school year.

Marlise came to North High from Glattbrugg, Switzerland. Her home town consisted of a 21 year old sister, Brigitte, and her mother and father, Otto and Frida Hauri. She also left her beloved pet, her parakeet, who has been faithful to her for 10 years.

Here in Torrance, Marlise lived with the Horst family. Her American parents were Dick and Mae Horst, and she had two American brothers, Bruce, 17, and Richard, 16, along with a sister, Deborah, 16. One important member of the family that can not be forgotten is the family dog, Princess.

In between trips to Disneyland and Knott's Berry Farm, Marlise sat on Student Council for the year and became very interested in the workings of the American form of Government.

The highlight of Marlise's stay in Saxonville was when she was named Honorary Homecoming Princess.

Marlise cracks up over American humor.

Carlos teaches his teacher the language.

Carlos climbs mighty Mount Miny

Carlos Ruiz completed the foreign exchange program for 1971 by attending the A.F.S. Summer Program in Weesen, Switzerland.

Carlos lived with the Dietler family, who included two sons, Andreas, who was 14, and Christof, who was 12. The family also included Donnar, the family dog.

While in Switzerland, Carlos climbed mountains, went swimming, and kept up on his game of tennis. The highlight of Carlos's trip was when he won the Rapperswil Junior Tennis Tournment. This was quite an achievement for an American, let alone one of Carlos's age.

Carlos was chosen out of a large group of interested students. His first hurdle was getting past the local school screening committee. After that, interviews and tests tried to make Carlos falter- but Carlos hung on and finally made it as the district's choice.

Carlos went to many area service clubs for financial assistance, with money also being contributed by the Associated Student Body of North High.

seniors star in david and lisa

The Senior class play of 1971 featured members of the Class of '72 in the drama, "David and Lisa". The play was a tremendous success considering that vandals had broken into Saxon Hall four days before the performance date and destroyed much of the scenery and props. The play was produced under the direction of Mr. Edward Nupoll along with various members of the Fine Arts department.

The play itself dealt with the lives of two students, David, portrayed by Phil Toomey, and Lisa, a part played by Leslie Levine, who resided at Berkley School, a place for the unstable. Together they overcome their hang-ups and find happiness and hope in each other.

The play was performed two nights and both performances were played before full houses. The play was a tremendous success and quite a tribute to the Class of '72.

up the down staircase

North High's annual Drama Club play, directed by Dramatic arts instructor Mr. Jerry Pendrick, was the contemporary comedy "Up the Down Staircase". The play, about a young New York highschool teacher in Eastside, was presented to parents and students on March 9th and 10th in Saxon Hall. The conclusion of the production met with a thunderous applause as it does every year.

varsity gridders sweep league championship

This years VARSITY FOOTBALL TEAM marked itself as the finest in North's 15 year history by going undefeated through 9 games, winning the Bay League Championship, and qualifying for the C.I.F. Playoffs. Defense was the Saxons strong point with their opponents scoring only a total of 59 points. Leading the tough Defense were Senior Linebackers Sandy Purtle and Dennis Littlejohn combining for a total of 200 tackles. Linemen Casey Jaworski, Sam Clark, Bob Francis, Bruce Taylor, Mike Abe and Jim Munday shut off the opponents interior play. Contributing also was the Defensive Secondary with Gary Nakagawa, Rick Pack, Dean Irgens and Randy Rotolante. Along with Denny Martindale and Bob Brigham they held enemy passers to a 36% completion average, allowing one touchdown pass and intercepting 15 passes. Keying the Offensive unit was C.I.F. record breaker Robbie Schmitz, being the 3rd greatest passer in C.I.F. Running Backs Randy Rotolante, Ed. Bowen, Mike Lubahn, Bob Francis, and Don Means gave the Saxons a great ground game. Receivers Littlejohn, Martindale, Smith, Hockett, Beach, and Johnson gave North enough receptions to keep the scoreboards flashing. The Offensive Line did a fantastic job all season with both pass blocking and opening holes. Tackles Munday, Taylor, and Stephens along with Guards Wada, Walsh, and Brigham surrounded North's finest center ever, Chuck Hodge. Kicker Wally Leistner contributed 3 field goals and 16 extra points to which he accounted for the winning points against Hawthorne and Centennial, both 7-6 scores. With all the glory of a 9-0 season SAXON VARSITY FOOT BALL Coaches can be proud and happy to know that the 1971 Edition of the Varsity Football team was the finest in the school's history, and has set an example of excellence to be followed in upcoming seasons.

The Cee Football Team was another of the success stories in the 1971 season. A lot of work went into the making of this team and it really paid off in the end. Coached by Mr. Elsten, the Norcees turned in a season record of 5 wins, 2 losses and one tie. The usual North and South rivalry was ever so present this year. North tied South in the first meeting, and then went on to win the second by only one point.

varsity basketball in a victorious season

Top: In the early moments of a Bay League contest against Centennial, Jim Thompson passes the ball to a team mate.

Guard Pete Belanto shows his form in a Bay League game.

This years 1971-72 Varsity Basketball team, coached by Russ Bierley, proved to be superb in tournament and league action. In tournament action the SAXONS displayed many talents in the Pacific Shores, Beverly Hills, and the Torrance Christmas Classic.

In the first round of league action NORTH came through with a 4-1 record. In the process North beat powerhouses Centennial and Santa Monica. Their only defeat came to underdog Torrance.

Proving to be outstanding for the Saxons is junior sensation Jim Dykstra who was the top scorer in the league at his position of center. Surrounding Dkystra were forwards Jim Thompson and Rick Oyler who kept the Saxons high on the boards. At guards were Seniors Pete Belanto and Dean Irgens holding their opponents in crucial games for key wins.

Not only were the Saxons strong in their starting five but also from the bench. Helping out were Gary Nakagawa Bill Thurn, Robin Mahkorn and Mark Faylor. With only nine personnel making up the Varsity team coach Russ Bierley can be proud of a fine season.

j.v. basketball

This years J.V. team was a team with much hustle and enthusiasm which showed in their winning season record. Led by Terry Catron, Mike Cimarusti, and sophomore sensation, Brandt Humphry, North showed other teams that they were capable of stopping any well-organized offense, while on the other hand they could just as well score on a defensive-minded team. The Saxon squad also proved to have a very strong bench this year because if a starter were ever in foul trouble or seemed to be tiring North could always rely on such players as Chris Gilliam or Mark Bauer. Statistically the Saxons were led by Catron and Humphrey, who were by far the leading rebounders through the season, while junior. guard Mike Cimarusti led North in the scoring department, averaging nearly 15 points a game. For the second year the Saxons were coached by Vern Ross.

This years Sophomore Basketball team was composed of many well experienced members. Under the leadership of Coach Gross, the BEE's established a victorious season among its opponents. Leading this outstanding team were Glenn Nakagawa, Leigh Headley, Larry Gizzi, Dana Garland, Larry Compton and many others.

With many victories at deadline the Saxons looked for a Bay League Championship.

The Frosh-Basketball team coached by Mr. Tierney proved to be superb in its established victories over its Bay League opponents. With an outstanding record at deadline the CEE's were also on the path to a Bay League Championship. The combined efforts of all the members on the team was what spurred them on.

varsity baseball defends c.i.f. title

1971 All CIF Baseball selections Denny Martindale and Dennis Littlejohn listen to Coach O'Brian on the game plan.

This years 1972 edition of NORTH HIGH'S Varsity Baseball team is out to defend its C.I.F. Championship from last year. With many returning lettermen from last years team and new prospects a C.I.F. title this year could well be in store for the Saxons.

Under the coaching leadership of Mr. Jim O'Brien the varsity baseballers are already going strong in the El Segundo Baseball Tourney. Plans to place in the West Torrance Baseball Tournament is also one of the goals.

With last years Varsity starters of Dennis Littlejohn (CIF Player of the Year 1971), Denny Martindale (1st team CIF Selection 1971), Jim Singley, Chuck Hodge, and Robbie Schmitz back and many outstanding prospects in Randy Rotolante, Dean Irgens, Jim Zambarelli, Alan Smith, Ed Bowen, Gary Nakagawa, Ken Busch and many others you can be sure the SAXONS are out for another BAY League Championship and a CIF title.

With key defensive playing and hard hitting offensive attacks the SAXONS are on the route to another winning season.

With the side attraction of Bat girls Robyn Tabor, Kim Kraus and Mary Goudy and the backround history of North Torrance Baseball it is sure that the winning tradition will carry on here at NORTH.

north high gymnastics

Coordination, muscle, timing, practice, self-determination, and pride are the keys to a good gymnast. This year's gymnastics team showed all these attributes. With the help of Coach Ray Cherry, the team spent many long hours at their desired goals. Although the Saxons suffered the bitterness of defeat at times, they gained valuable experience at a sport that ranks among the most difficult.

successful rookie year for soccer team

North High entered interscholastic competition for the first time this year. Being a rookie team for 71 this is bound to be one of the hardest years they will face in, what they hope to be, a very successful history. Although C.I.F. soccer has been on the scene for several years North High had previously only had club soccer. During this time the Saxons played local schools with impressive victories. When asked how good the soccer team is Rick Novak, who is a halfback for the Saxons, answered, "We have a tough team with most of our players having more then one year of experience in the Soccer club." "We hope to take the Bay League Championship and more."

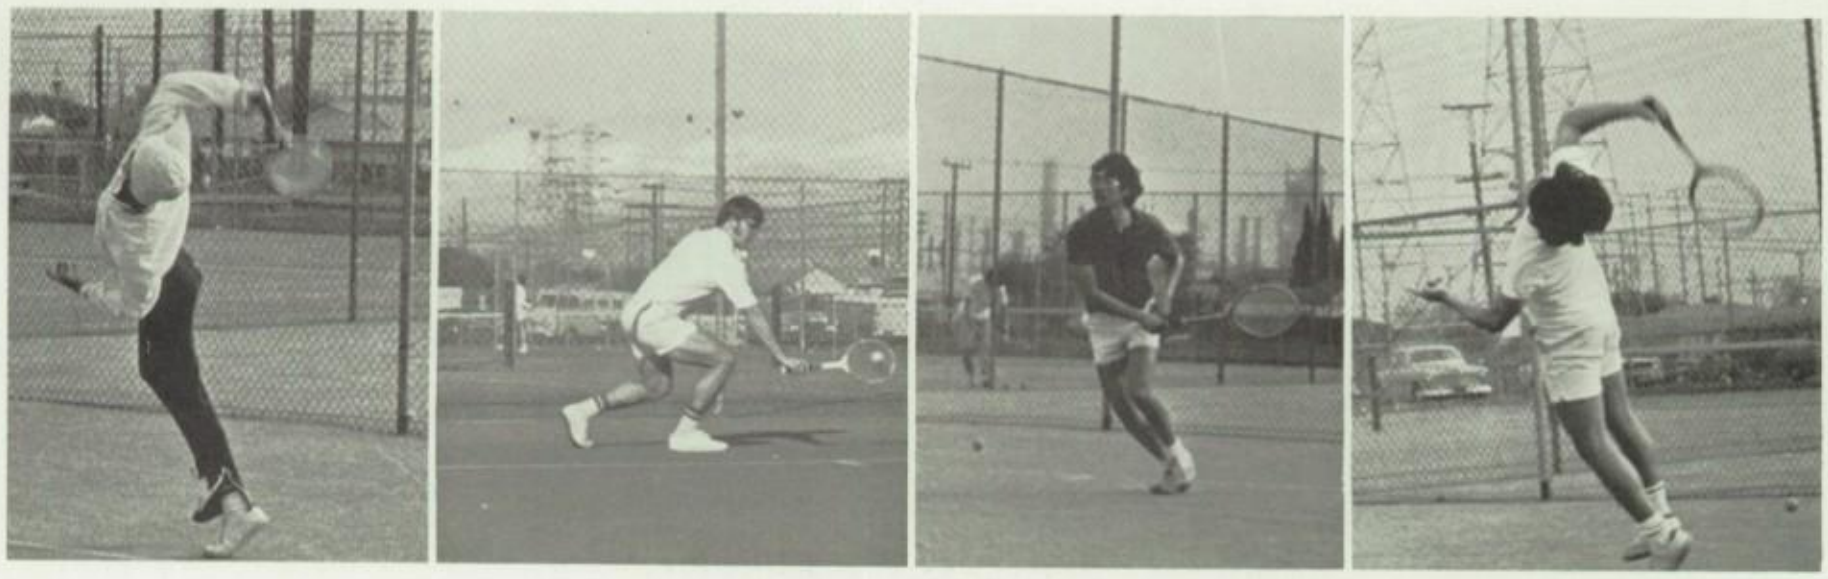
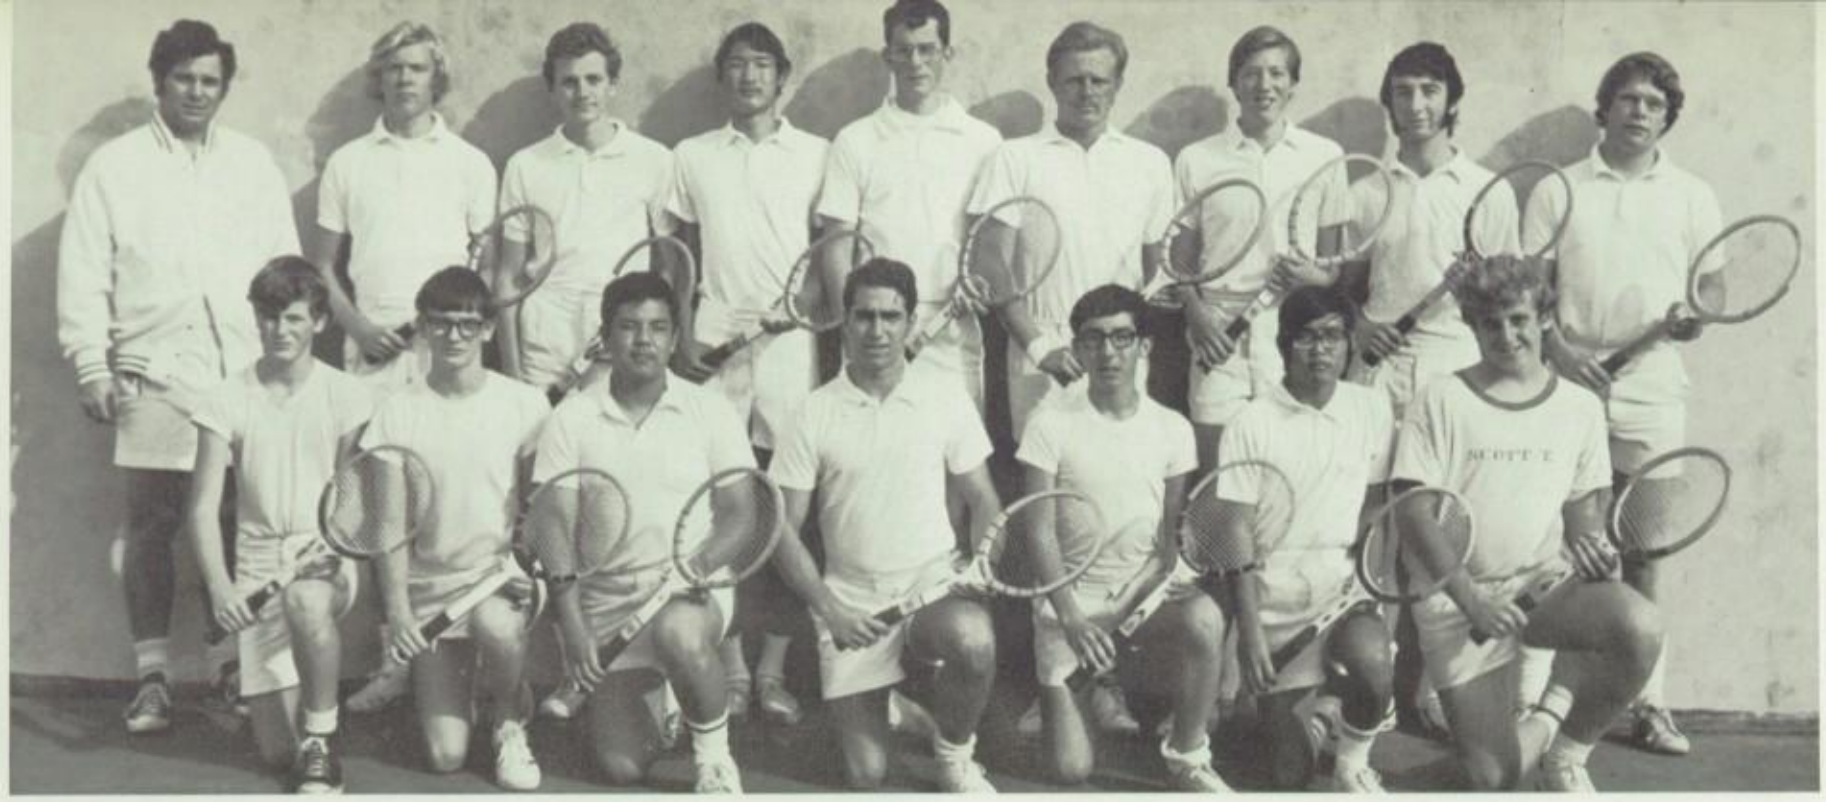
varsity netters seek bay league championship

Standing-Dave Robinson, Jimi Holland, Carlos Ruiz, Steve Blinder, Jeff Takeyama, Coach Teriney. Kneeling-Mike Setting, Chris Watase, Rick Smith, Ledger Mercier, Roy Samulez.

The Saxon netters, coached by Mr. Tierney, were looking forward to another CIF birth in 1972. With 5 returning Varsity lettermen and only two seniors the Saxons were both strong and young. This combination is perhaps what the netters need to upset the Samohi empire. North were also working hard to crush South both times they met this year.





J.V. Standing-Mr. Teriney, Ken Woren, David Ellings, Ron Shimizu, Steve Moberg, Gary Marsh, Ron Ton, Alan Smith, Bob Mooney. Sitting-Jerry Snowball, Keith Vars, Mike Kaneshiro, Steve Bradley, Mike Youshi, Steve Yuge, Tim Scott.

Rick Smith shows what it takes to be on Varsity Tennis.

Now for the people who are left out of the limelight. This is in reference to the Junior Varsity team. Even though they put forth the same effort because they support their Varsity teammates. The Junior Varsity team never seems to get all the recognition due to its' constituents.

Well this year's Junior Varsity tennis team is a fairly inexperienced one due to the fact that there are only three juniors on this years' team. Never the less the Junior Varsity team has the same amount of spirit that the Varsity team has, and is hopeful of a good season.

True form and spirit is all that Steve Blinder needs.

grapplers shoot for c.i.f. championship

This years 1971-72 Wrestling Team, coached by Mr. Bob Janko, is a well balanced and experienced team. Hopes for a CIF Championship are instore as the Saxon matmen take on a tough schedule of six tournaments and nine dual meets. Early victories came as NORTH beat Mira Costa 34-18, West 54-9 Corona Del Mar 42-26, and Fountain Valley 38-18. Top performers were Glenn Vierra, John Sandoval, Bob Brigham, and Dennis Littlejohn. Leading the Varsity Team are Senior Co-Captains Littlejohn, Brigham, Jim Lowerison and Randy Rotolante. The other matmen are Sandoval, Abe, Dave Atkins, Sam Clark, Bill Clements, Jerry Fujiwara, Mel Mitchell, Bob Francis, Rick Pack, Sandy Purtle, Bob Walsh, Bob Uyeno, Vierra, Joe Rodriguez, Herbie Kaichi and Gary Yoshida. With the overall personel NORTH is one of the best dual meet teams in Southern California. Many individuals have bids as CIF Champions. With a 4-0 dual meet record at dead line the Saxons go into tournament action in the Torrance, Mira Costa, El Camino, Edgewood and tough 5-Counties Tournament. NORTH is shooting for a first Bay League Championship against tough competitor Torrance. Along with the Varsity, the Junior Varsity took the Tri-League Dual Meet against teams from the Irvine and Ocean Leagues. The JV team also took 2nd in the Torrance Tourney with two Champions, Dave Lowerison and Troy Meats, and 9 other placers. NORTH also had 7 Novice Champions with 8 other placers. Girls' teams from all the high schools in the South Bay area competed against one another under the Interscholastic Sports Association. This year, Saxon girls showed their interest and abilities by participating in volleyball, softball, basketball, track, tennis, and gymnastics.

The competitive games strengthened teamwork and sportsmanship and allowed girls of each school to compete against others in neighboring schools in chosen activities. This year the girls demonstrated much hard work and time in each of the various sports. The basketball and gymnastics teams showed great promise for the future.

scholars visit disneyland and hold successful candy sale

Have you ever wondered what's the use of making A's and B's? Well for one thing you can belong to the North High chapter of the California Scholarship Society. Now, the next question might be, "What good is that?" The club, one of the largest on campus, not only is to honor the scholars but to have fun.

This past year the club has gone to a first run movie, Disneyland, a beach party, and they had a car wash and a Tootsie Pop sale, which set a school record of 6,000 sales.

The 100 members of this club all have one thing in common, they have kept the required grades of A's, B's and only one C with no D's, F's and U's.

drama club members play, act and pretend

One of the largest and most active organizations on campus was the Drama Club. These talented Saxons began a new school year with their annual picnic, held at El Nido Park in October. Besides food and talk, winter initiates of the Thespian Society, Troupe 1157, had to perform several embarrassing situations to the delight of fellow peers. Students become Thespians when they achieve 12 points earned by way of participating in plays and other school productions. A gold star is added to the bearer for every 10 points received afterwards, 5 stars being the maximum. The annual banquet was held in May, where the initiation ceremonies of Thespians took place.

This year's Senior Class play was LISA AND DAVID. Leads in the production were Phil Toomey and Leslie Levine. The Drama Club play, UP THE DOWN STAIRCASE, a contemporary comedy set in New York's East Side, was received with enthusiasm by the student body and parents in March.

xanadu: a literary sign of the times

Amid the chaos of Thursday afternoon meetings, mounds of submitted works, and the usual dead lines, there was but one desire in the minds of all staff members—to assemble various creative talents together into a final masterpiece. . . . XANADU. This year the staff was divided into art and literary sections, and slave labor was dropped. Under the supervision of sponsors Mrs. MacManus and Mrs. Shakely, the editors helped to organize and guide each stage of production. Published at the end of each school year, XANADU reflects the personality of the Saxon pen and brush through poems, essays, short stories and illustrative art work. The frustrations, confusion, hard work and effort put out by each staff member are rewarded with the delight North High Saxons show in receiving the literary magazine.

spanish club enjoys cultural experiences

This year's Spanish Club was one of the most active language organizations on the North High campus. Its 1971-72 year was busily spent journeying to various Spanish and Mexican places of interest throughout the Southern California area. The first activity to head the long list was a luncheon, held at the La Conga restaurant in San Pedro in September. November saw the club members visit the Padau Hills Theatre in Claremont to view the production "Fiestas Mexicanas". The show was an unforgettable experience with its internationally famed Mexican Players, who present comedies and dramas in song and dance. Some time later the club went to the Southwest Indian Museum and the L.A. County Museum of Natural History to observe exhibits on Pre-Columbian art, and then to have dinner at the El Mercado.

The month of December was festively celebrated with a Christmas party. Over 65 students and parents cooked and ate native dishes, one specialty being Guatamalan tamales—a mixture of raisins, hominy and other goodies rolled in banana leaves. A traditional pinata concluded the fun. A month later the members toured historic Olvera Street and its quaint shops. The same night they were entertained with a spectacular floor show of native dances and flamenco while dining at the El Paseo Inn. Sponsor Mrs. Jeanne Landford hopes to have the club see a production at the Music Center in the future. The year of fun ended with the annual club banquet.

latin club mimics ancient rome

Latin Club members read and understand Latin literature.

This year the Saxons in Latin Club experienced a few new activities and surprises. Perhaps one of the biggest and most exciting bashes was held on Dec. 18th—the Saturnalia—this year a combination banquet and Christmas party. In this festive occasion the members dressed in Roman togas and ate in the Roman style of centuries ago—bowls of fresh fruit, goblets of drink, ribs, and even the round loaves of bread. After the feasting, the students had a slave sale and put on skits depicting Roman scenes, one of which was a Roman wedding.

One new feature of the club was that it joined the Junior Classical League. During March 10-11, a state convention for this organization was held in San Marino. North's Latin Club attended with plans to participate in the various activities which included scholastic competitions, Olympic games and chariot races, carnivals, and a huge banquet. The club's spring banquet concluded the Roman fun and fest. Sponsor, Mrs. Ruby Workman, hopes to extend these activities to the entire campus and get more students involved.

fun, food and fests . . . in germany

"The main purpose of the German Club is to serve as a means of learning about the customs and culture of the German-speaking people," commented sponsor Mrs. Paula Grahamer. During the '71 summer a group of members did just that and accompanied the Grahamers to Europe for a 3-week tour. About 20 Saxons and 20 of Mr. Bob Grahamer's students from Hawthorne High journeyed thru West Germany, Holland, Austria, Switzerland and Italy. Among the various sites taken in were the world-famous Hof Brau in Munich, the Lindenhof Schloss in Bavaria, and San Marco Square in Venice. The group spent two weeks in a small town called Brilon and lived in people's homes. All in all, the trip gave the students a real insight to the German people and their culture.

Back at North, the club began the year off with an international get-together with Hawthorne friends and Chinese cusine. In December, a week-long Weihnachts fest was held. Activities included a boys' & girls' baking competition, a Taunnenbaum contest, a skit, and a party with authentic German goodies. The year ended with the annual banquet, held at a German restaurant.

bon voyage—france or bust

The French Club was another foreign language organization which believed in acquainting members with another land's culture, first hand. Nine students, sponsor Mrs. Gerry Rische, and librarian Mrs. Doris Scheir took a 3-week trip to France during the summer. The first stop was Tours in the heart of the Chateu country in southern France. They spent two weeks living in the university dorms. There, the students took part in a baum de l' ete (bash) and discovered that the French weren't much different from them. Other places visited were Brittany, Normandy and Paris.

Once back in the U.S., the club started off with a get-acquainted party, held in October at Mrs. Rische's home. November found the members at Grauman's Chinese Theater, viewing several French films. Students gathered again in December to partake in a festive Christmas party and to dine on delicate crepes and other gourmet food. The annual banquet, with fine French cusine, and another movie concluded the year of activities.

intramural sports

The North High Girls' Athletic association is one of the most active clubs on campus. Boasting exceptional competitive teams, they participated in such activities as volleyball, basketball, baseball, and gymnastics. Co-ed bowling saw it's third year through with great success also. Girls on winning teams attended sports playdays, where competitions for top honors were held against other schools. G.A.A. isn't all sports though, they were the minds behind the backwards dance in April and an awards banquet in May.

north high boasts fine vocal groups

This year, the Saxon choir, chorale and mixed chorus, under the direction of Mr. Daniel Walker, entertained the North High student body, faculty and parents with a variety of musical programs.

Their first seasonal program was the annual Christmas Concert which was performed for students and parents.

The groups' last achievements were the Psychorial, produced by the students themselves, and their participation in the North High Senior Baccalaureate.

julians and valiants—another year of fun and service to north rolled into one

First semester King and Queen: Brian Burrel and Kitty Deisman.

The North High Julians and Valiants club is a service organization in areas no other club could fill. Sponsored by Mrs. Doris Schier and Mr. Dean Malmo, the members help at home games, as guides, at the Sammy Saxon banquet and Senior Tea, and just about any other school function. This year the club participated in a March of Dimes drive as a community service. One new service that was introduced was directed at new in-coming students to North. Club members would help orient and acquaint these new Saxons to the campus for a few days.

Although the J's and V's are often busy working for others, there's always time for fun. The club plans at least one social a month. These include potluck dinners, parties, bowling sprees, beach bashes, and other activities that delight the members. This year the club Christmas party was held at Farrell's Ice Cream Parlor. In February, the 1st semester installation banquet was held at Lacoco's.

Lettermen's Club Sponsor, John Woolley.

The Letterman's Club is involved in many activities during the school year. Composed of letter winners from all interscholastic sports, the club has attended college football and basketball games, pro hockey, basketball and baseball games, and some sports clinics.

During the Christmas holidays the club donates money to various hardship cases and community service organizations.

The club also raises money for activities such as outings to Farrell's, Der Weinerschnitzl, The Pool Den, and the beach. It is sponsored by Mr. Bill Cunerty and Mr. John Woolley.

With changes in the curriculum, focusing on closer teacher-student relationships, the Future Teachers of America were kept quite busy this year. The club, sponsored by Mr. Robert Hiss, worked to acquaint themselves with the necessary requirements for teaching. The club also took part in actual teaching on campus and in the local elementary schools. Varios activities performed on campus by the club included handing out questionaires to the faculty members and the posting of a sheet in the faculty lounge to offer help to the teachers in grading papers and tutoring.

Not all activities revolved around working. Despite goals set, there was still time for fun. The club held a pot-luck at Christmas time and an ice-cream bash at Farrell's Ice Cream Parlor in February.

fbla: prepares for future

The Future Business Leaders of America Club was made up of students interested in preparing themselves for various future business careers. Sponsored by Mr. William Haase and Mr. Ronald Hinders, this club planned to visit different industries and offices in order to become acquainted with and to better understand the work involved here. Among the places these members had hoped to visit were the Disneyland offices and TRW. The club also sponsored a field trip to SCROC (Southern California Regional Occupational Center). Other activities included inviting guest speakers from local banks and the Internal Revenue Service to talk with the club members. The end of the school year came to a close with the club banquet.

Officers are ALWAYS hard at work.

NINETEEN-HUNDRED-SEVENTY-TWO...a very busy year for officers and students of North High. There was Homecoming, the Senior Class Play, Basketball Royalty, the Prom, and the Aftergrad Party...but with Commencement Exercises in June, all these good times together became memories. Yes, these students were the SENIORS...and the year 1972 marked a finale to twelve years of education.

Now with diplomas in hand, free from mandatory attendance, the members of this special class stepped out of the world of fences and gates, passes and tardies, legals and truants into a new beginning of adventures. What was to follow? What was to happen now? None can say, but the memories touched by laughter and tears will forever linger in their minds...memories of fun and games, of the parties of friends. But just the same, memories of a time passed that they once shared together, as one...

So...here they come world, the NORTH HIGH CLASS OF 1972!

The Juniors of this year are probably the most impatient group of people on campus. There they sit, watching the Seniors lap up congratulations and honors. Why? Well, it's their year to howl.

But little do the Seniors realize that lurking in their shadows is the entire class of "1973" just waiting for THEIR chance to howl.

And as the year comes to it's conclusion, the Juniors are looking forward to their coming "chance to howl."

Juniors Sam Martelaro, Richard Romero and Dave Irelan carefully clean up the campus, under the watchful Casey Jaworski.

A second year...a time of new experiences. This year, the Class of '74 earned money for their future graduation by such activities as a basketball concession and an I.C.C. Carnival booth. Having the opportunity to be the driver instead of the usual passenger proved to a hair-raising experience. It all came and went quickly as the sophomores looked on to the future.

Sophomores productively at work.

September 1971 marked a beginning to a whole new life for the FRESHMEN CLASS. The Freshmen entered the world of North High with perplexity, bewilderment, and worry. Their fears slowly began to disappear as friends were made and cliques created. The FROSH also began to learn other aspects of Saxon Life... what teachers to get...(or not to get)...about passes...fences...legals...forged notes...a "Call to Office" at once could mean trouble...

This year also meant other changes in the lives of THE CLASS OF '75. Both in physical and mental growth. Childhood toys and ideas were soon lost with more 'adult' methods introduced. Much of the foundation of the future for these students will be learned in the three remaining years.

With the help of the class sponsor, Mr. Brown, this class was able to get off the ground with it's necessary functions.

Left: Freshmen at play.

Dear Patti -
Saved!
again, you have made me feel really great to asking me to sign your annual. You are truly my favorite person and mean a great deal to me. I'm sorry to hear that you'll be moving so far away but I know you'll be happy and soon make many friends. If you can, keep in touch as I think I will continue to wear the lovely pearl necklace you gave me. Thank you and the other Arlington group and keep in touch
for your friendship
Love
Sue MacDougall.

guides our school through another year

Mr. Leonard Lifton's second year as principal saw many developments in curriculum as well as physical improvements at North High. Team teaching was introduced in math classes. The curriculum in social studies was also changed this year. Only three years of social studies are now required and new courses are offered.

Communication between students and administration was stressed. Parents, students, and teachers met together two nights a month to discuss program improvements and also gave suggestions involving other school matters.

In physical improvements, the outside of the buildings were painted. Plans were also being drawn for a new design on the quad area.

The other top administrators assisting in the running of the school were, Mrs. Melvina Kovinick, Mr. James Krembas, and Mr. John Nushy.

staff workers:

especially important in helping students

Efficiency is the goal of staff members of North High. While trying to keep the school running smoothly, they also enjoy working with the students.

Their years and years and years of experience aids them with their jobs. They work in as varied areas as vocational counseling, the S.C.R.O.C. program, work experience program, discipline problems, health care, research, curriculum, and Student Government. When the 'Staff' speaks, the students listen.

counselors are there to help

Who is always there if you need someone to lend a willing ear and a helping hand? Well, it may be many people but one of them is your counselor. No matter if the problem is with your program, teacher, or even personal, he'll do his best because he cares. Sometimes you may feel he's the only one who does.

This year's counseling staff was made up of eight of these qualified people who kept the student body running smoothly under the pressures of handling many different kinds of personalities.

Every day isn't always the greatest, but having a counselor to turn to, can make things a lot easier. Aren't you glad he's there?

new outlook on past, present, future

Can you imagine having the opportunity to dig holes in the schoolyard? or lose your appetite for sausage after reading "The Jungle"? or watch two teachers fight the battle of Yin and Yang? or be Montezuma when he meets Cortez? That's the way it's been in some of the social science classes this year .... Anthropology; Impact; Men, Movements, and Ideas; and Living History.

The day of the required course has been replaced by the required elective. This means that a student is no longer required to take a year of World History of Geography. But he is required to have passed a total of thirty units in the social sciences by the end of his senior year. The units must include courses in U.S. Government (10), U.S. History (10), and World Studies (10), that he selects from an elective list. Students are encouraged to choose courses that give them a balanced understanding of past, present, and future. Traditional course outlines are still available for students who prefer them.

Students like this program, on the average, better than the old social science program because it offers variety and freedom of choice.

new english offers a freedom of choice

The English department at North High School tried hard to provide for the students language needs through Old Fashioned English as well as New Luiguistics approach which offered a variety of courses in an elective program.

Searching for new ideas, the English teachers welcomed new course ideas from the students. In the past this type of student-teacher "getting it together" resulted in the course Modern Poetry and Avant Rock. Suggestions have been brought in about such courses as Western Literature, Literature and Politics, and Best Sellers.

The English teachers feel that students do have some idea about what they feel is right for them. By allowing students to voice their opinions, and by adding teacher recommendations as well, the English department attempted to provide a well-rounded program aimed at fullfilling the language needs of all North High students.

This year students voiced their opinion on what they liked about the New English program. Most students agreed that they had a wide range of electives, freedom to follow own interests, and a chance to experience more than just regular English.

learning the finer arts of life

The Fine Arts Department has tried to get more student involvement. They have gotten the students involved in such things as: plays, writing music, and analyzing famous works of art.

Specifically music, art, and drama students were involved in presenting musical concerts, dramatic presentations, and for the first time this year students participated in an art festival.

The Fine Arts Department has strived to emphasize the creative processes which will carry the students through their lives.

New courses were offered in the Homemaking Department this year. One called Modern Marriage and Families, which is all about life in the home, and the Young Decorator, a class where students learn to express their ideas in decorating and changing the inside of a home.

Something that hasn't been mentioned for a long time at North High is the 'Playschool'. Every year, Senior girls conduct and plan pre-school children, all under the age of five years. Doing this, the girls gain confidence in themselves in helping the younger children.

The Industrial Arts program at North High offers an important if not vital aspect of our education.

Practical skills are taught in the shop and drafting classes. Skills such as mechanics, machinery, and architecture are learned. These can be useful throughout our lives.

Creativity is the key in the wood and metal shops, and crafts classes. Students are allowed to 'Do their thing' by making creative and useful objects. The program is becoming more co-educational. Students are getting involved with their own skills and ideas.

new ideas, methods

This was a year of change in the North High Math Department. Two new concepts were introduced into the curriculum. One was the new Algebra 1 Extended course, in which students learned the same material as in Algebra 1, but covered it over a period of two years. This class was designed for the student who could not keep up with the pace of the regular Algebra 1 class.

In addition, two teachers—Mr. Smith and Mr. Guest—tried an experiment in team teaching in a General Math and geometry course. As a result, students received more attention and higher test scores.

insight to others

COMMUNICATION is the key in the FOREIGN LANGUAGE DEPARTMENT. By learning about the people and tongues of other lands, it enables students to achieve an essential part of UNDERSTANDING. Headed by Mrs. Landford, her fine staff attempts to instruct in these areas.

DEUTSCH, ESPAÑOL, FRANCAIS, and LATIN are taught.

Many new ideas have been brought into this Department. Such as new laboratory equipment in the classroom and trips in the summer to the countries of the respective language's origin. Foreign Language Teachers are always open to the students to give input of new methods.

Through the jungle of cords and with the help of a teacher, students become experts in another language.

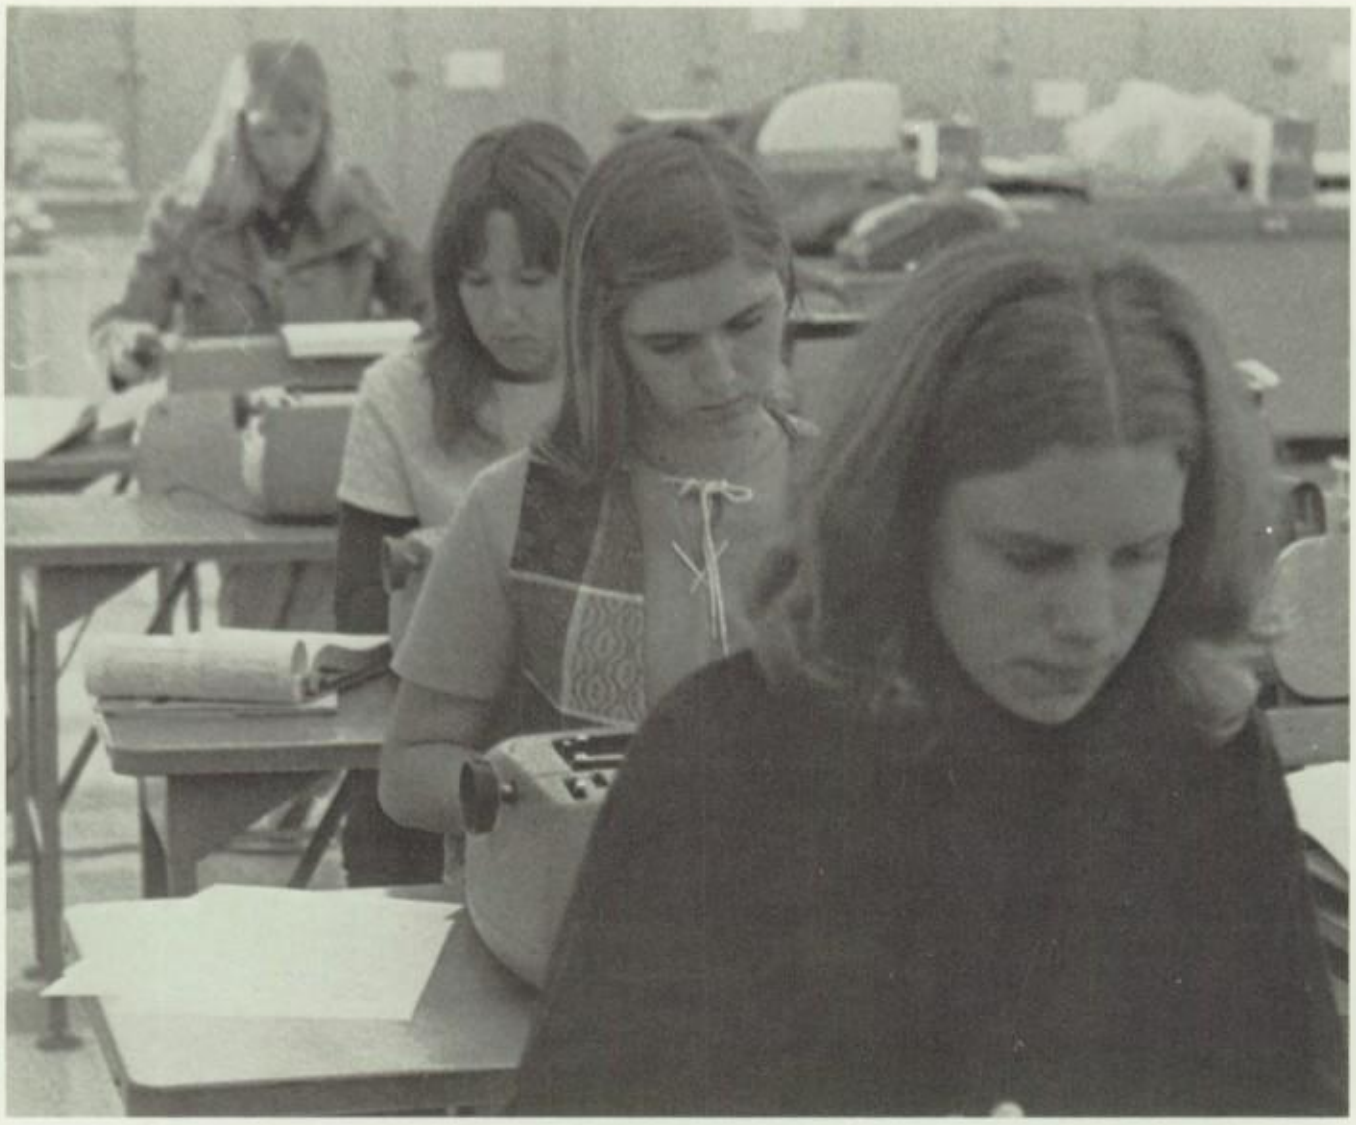
science accents interest

North High's science department has but one goal—to introduce the students to the various subjects and to get them interested in this ever-changing and exciting field. This year the addition of three new courses to the curriculum helped to broaden the minds of science-conscience Saxons. These classes are Earth Before Man, Evolution and Early Man, and Oceanography.

One of the highlights that students eagerly looked forward to were the field trips. Biology and physiology classes visited several educational spots including the L.A. County Museum of Natural History, Cabrillo Beach tide pools, and White Memorial Hospital.

The Independent Study Program had one student — Jan Togioka — researching on endocrinology.



With lots of practice and keeping their noses to the keys, they mastered the art of typing in a matter of minutes.

preparation for the business world

The goal of the Business Education Department was the prepartation of students for the complex business world. The staff, under the guidance of department chairman, Dorothy Addleman, tried to reach this goal through the use of new electronic equipment and a variety of courses offered to the students. The classes were planned to be interesting as well as useful in the future vocational interests of the students.

reaching out

The goal of every teacher in the special education department is to reach the minds of each student in their classrooms.

The teachers try to gear their lessons to each individual student in order to provide them with a more thorough understanding of themselves and the world around them.

The special education teachers find that the best way to reach their students is to include special libraries, audiovisual materials, field trips, guest speakers and vocational experience, as well as classroom instruction. Both the educators and students find the use of these methods to be very rewarding. The continued use of these aids will certainly be a step forward in Special Education.

service staff keeps north on the go

Beyond the crowded corridors, slamming lockers, and crowded cafeterias, exits a group of people who are a necessary part of everyday life at North High. You may not actually notice them, but if they disappeared the condition of North would take a drastic turn for the worst. These people are commonly known as the service staff.

The service staff consists of the cafeteria staff, custodians, and campus aides.

In the cafeteria the prices may have seemed to increase, but actually only a couple of items have gone up. The portions are not smaller, and as a matter of fact, the size of the cookies increased with the price.

This year a clean campus campaign was launched to ease the overwhelming burden of the custodians.

The service staff is greatly appreciated here at North.

busy staff keeps books in order

At the end of this year you might have noticed something new in your classroom. It was a large catalog that could help you find just about any book in the Torrance Schools Library System. These catalogs were a new addition of the library's services. There was one in every classroom. It enabled you to know every book available on whatever subject you were interested in.

Curriculum this year was kept busy with our new English and social studies programs along with all the other tasks this efficient group of people must handle.

aim of p.t.a. community awareness

Involving students, parents, and faculty and establishing a better relationship between these groups are the important goals of the North High Parent-Teachers Association. In order to carry out these ideas, the P.T.A. held meetings and organized advisory groups of students, faculty, and parents to discuss various problems in and around the school.

Service to the community is another important aspect of the P.T.A. This year, the P.T.A. sponsored several drives to collect Christmas gifts for the Boys' Camps and cakes for Juvenile Hall. They also held a dental health program in order to increase community awareness in this field.

With the money raised through sales at the games, the P.T.A. was able to award scholarships to deserving Saxons.

See no evil.

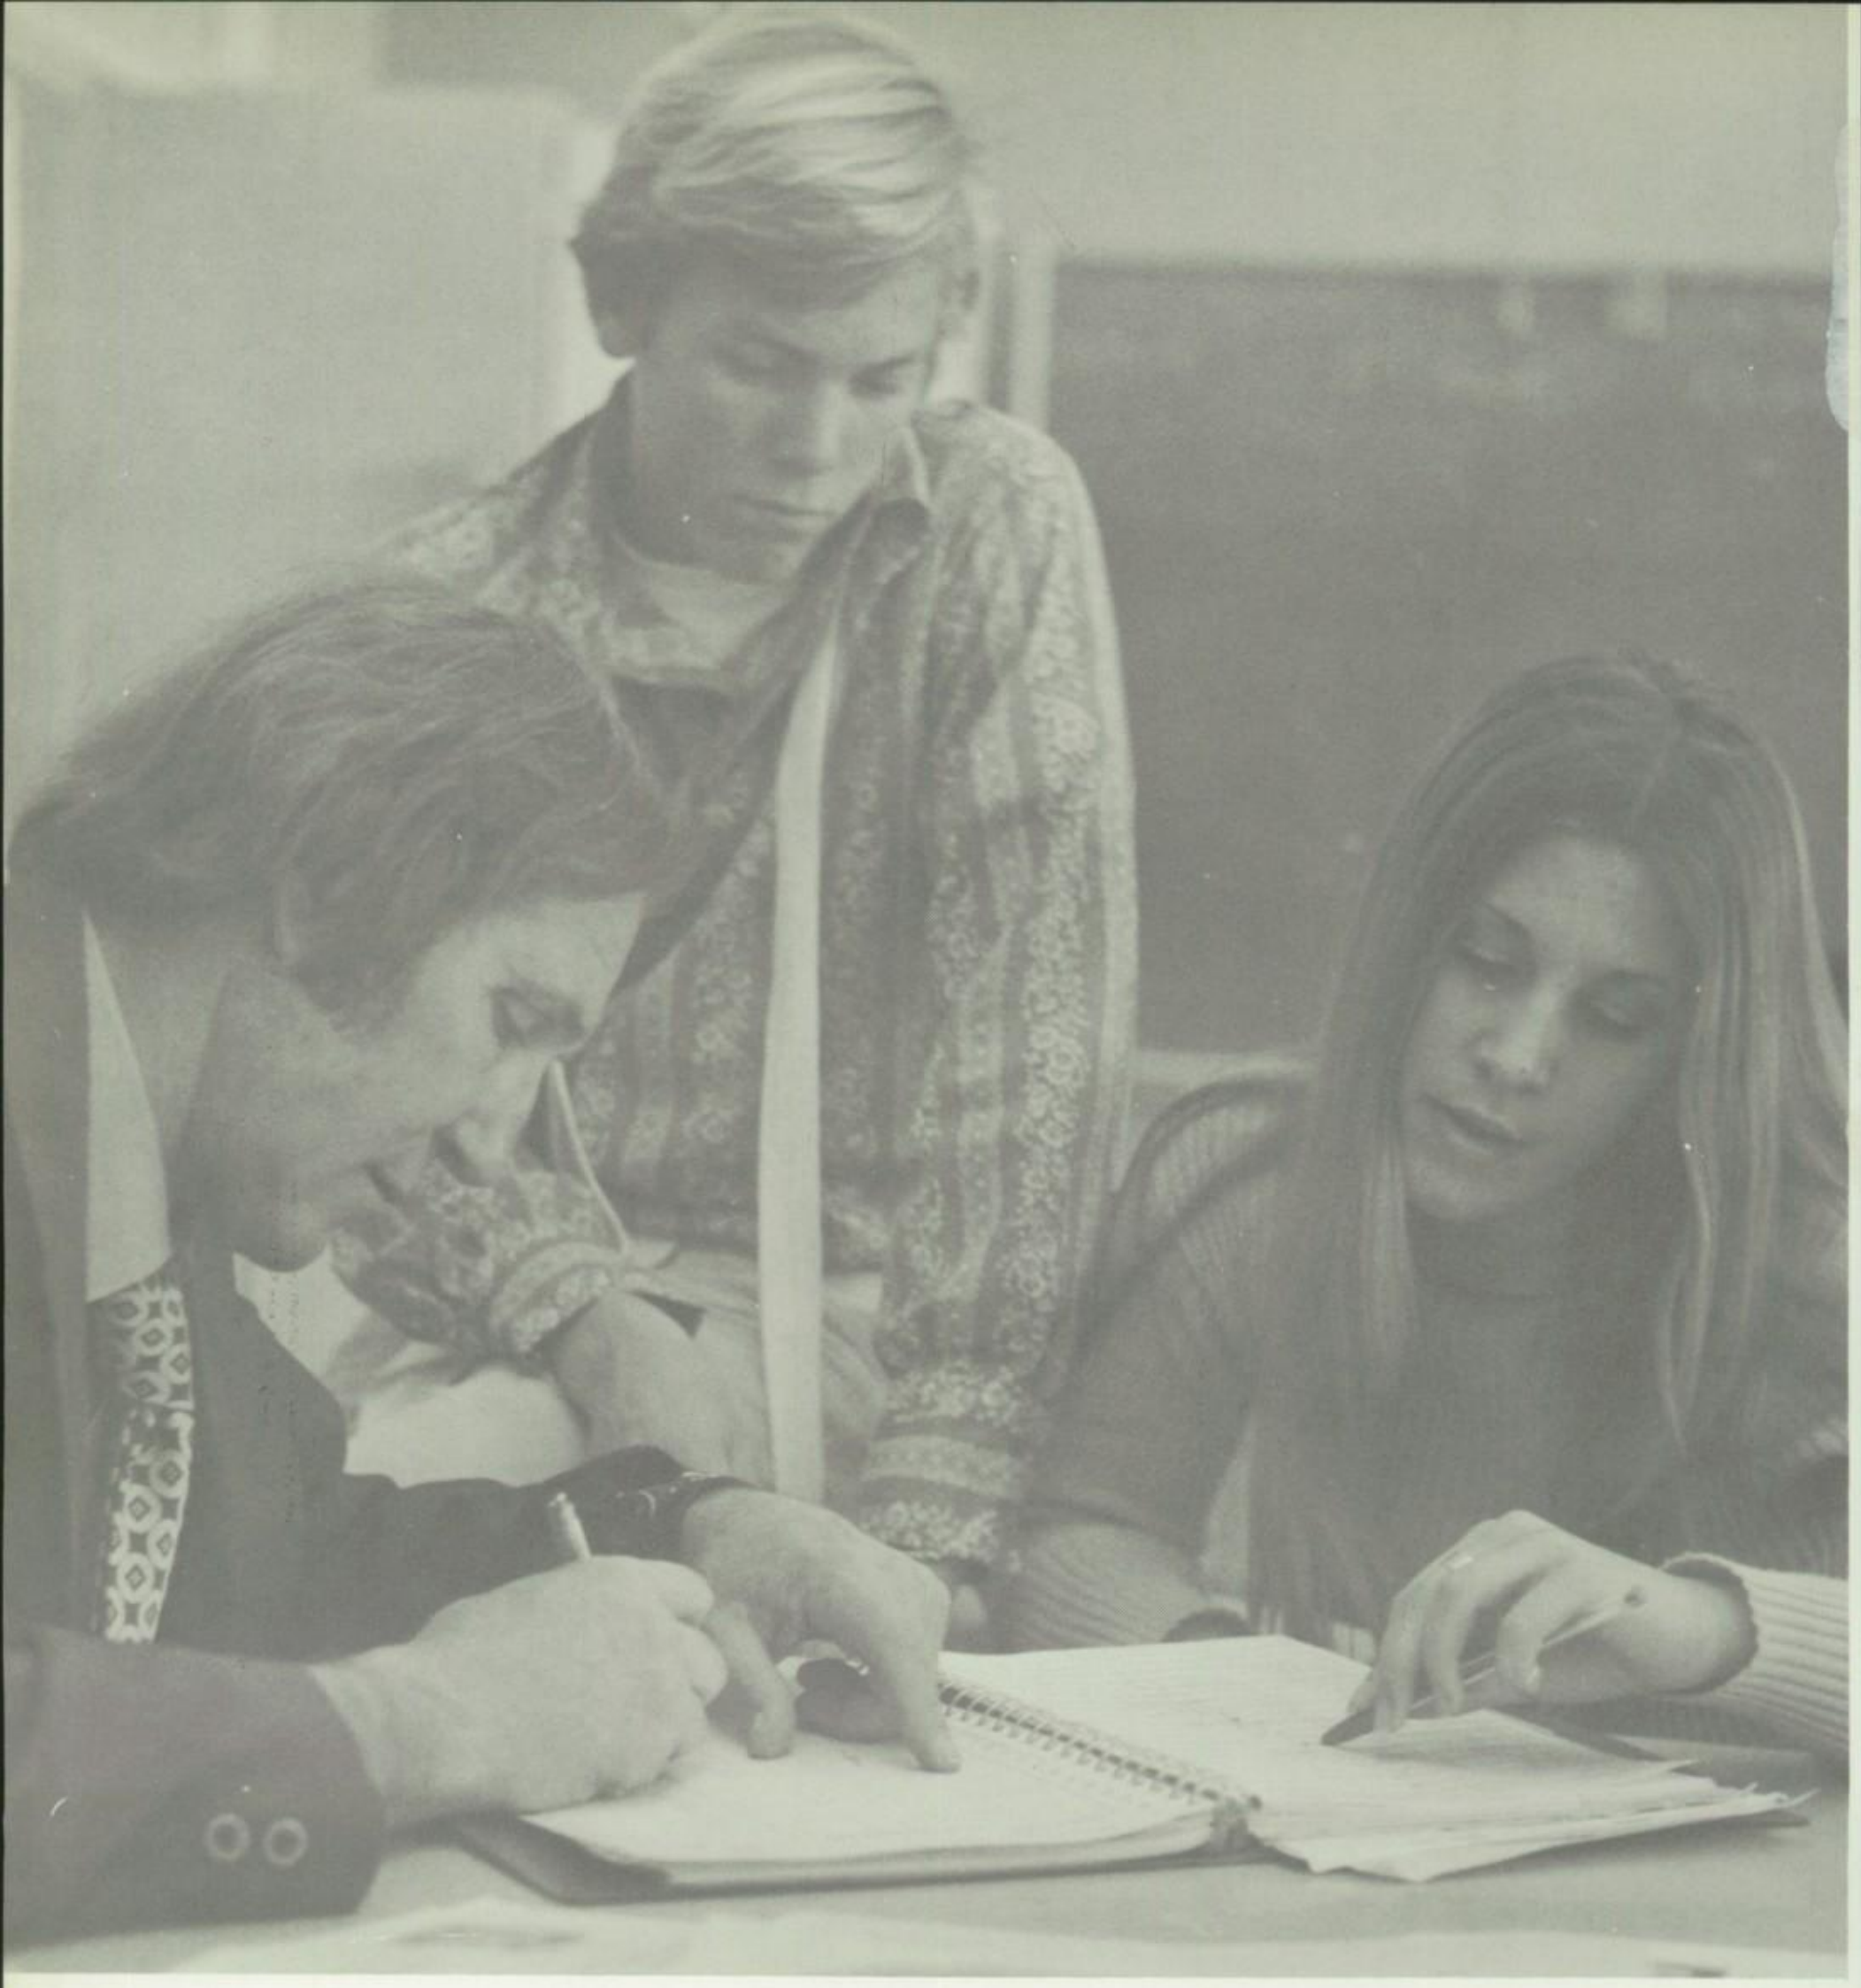
seeks better communication

Communication and a better understanding with the students that are their responsibility are some of the basic foundations of the Torrance Board of Education. Although not directly involved with the students, the board members are just as concerned and want to be of service in every way possible. One new concept that helped promote these ideas were the student-board member meetings, held throughout the year. At these sessions, board members and student council representatives from North, South, West and Torrance High Schools met to discuss problems and views on various subjects and even try to arrive at agreeable solutions.

This year, Dr. Lloyd Jones took over the position of Superintendent of Torrance schools from Dr. Thomas L. Goodman. Previously, Dr. Jones held the post of Assistant Superintendent and had been involved with the elementary schools in the district.

The Annual Staff and the rest of the community regret the loss of Mr. Bert M. Lynn after twelve years of service.



Breaking through on a reflection-a reflection of the student body, that was this years annual. Sticking it out with the students through the good times and the bad times, through happy highs and depressing lows, through on an idea of survival-surviving the school year-and looking back and seeing if it was all worth it. Reflecting a break-through of errors and mistakes, proofs to be read, pictures to be taken, deadlines missed or made and a Mushrush to yell-that was this years staff. But just because its June, don't stop breaking-through. Make that final break-through on life in the coming years. Break-through to the other side.

Love ya,
Laurie

Patti

Its been another
fun year. Especially in
Science (ha) I hope we can
become better friends. Have fun
always, but be good & the boys
Keep in touch love ya
Cheryl
Terrill

Hey Mertle!!
I know your not gonna
be here next year, so I hope
everything works out for you in your
new school. It was fun having you in P.E.
& thanks alot for always letting me borrow
your socks!

Cindy Millward

Patty, I'm sure nice
to have you in
a class. Don't forget
"Putter up your
over coat"; cause

Judy

Patty,
you're really nice.
(remember playing barbie
dolls, I guess we've always
since then, good luck
in all you do, love
Gina

Patty,
I'm glad to see that we are still friends. I think you're a real sweet person and a real fox. Stay that way. To bad that we couldn't of made something of what we had. See you at the beach.

Love
